

2015 to 2017

Q10011202- Install the Areca driver (version 1.20.00.20) into Oracle Solaris 5.11 (November 2011) and the errors “undefined symbol” occurs after the pkgadd command.

Please update to version 1.20.00.22-20120105 to solve it.

Unique solution ID: #1333
