

**2015 to 2017**

**Q10011706 - Firmware V1.54 2016-05-13 Alarm  
By Mail function sends incorrect day of week.**

It is a time info bug, and causes the Web mail abnormal day of week. This issue is fixed and updates firmware version 1.54 date 2017-04-27 or later to workaround it.

Unique solution ID: #1690
