

2018 to 2020

Q10021910 - Can you send me Windows XP 32 Bit driver for ARC-1203-2i?

Areca no longer supports SCSIport driver protocol for newer RAID controller. Windows XP 32bit only support SCSIport driver only, so that ARC-1203 series do not support 32bit Windows XP.

Unique solution ID: #1799
