

# **Q10051001 - The ARC-1202 RAID card has another problem. Windows 7 takes forever to boot (~ 4 hours) after I installed the card Driver v6.20.0.19 (2009-09-23).**

We got a similar issue on Windows 7 and ARC-1200 controller couple weeks ago, it is a driver bug and had been fixed by new Driver v6.20.0.19 (2009-11-06).
