

2012 to 2013

**Q10071304 - I cannot see RAID 1 volume on the
ARC-1200 board. I added Areca ESXI arcmsr
1.20.0.15 driver to the ESXI 5.1 ISO media.**

It is a known issue. You can use the older driver
version 1.20.00.15.vmk5 2011/06/22 instead of
the arcmsr-1.20.00.15.vmk5.120930-948144 version.
