

2016 to 2020

Q50011603 - Does ARC-8018 12Gb/s SAS expander module support tape drives?

The ARC-8018/8028 SAS expander module supports tape drives on internal port. Update the firmware to revision date: 2016-03-14 or later for external port with optional setting to enable the tape drive support.

Unique solution ID: #1599
