

2016 to 2020

Q80041801 - macOS Sierra: Open an app from an unidentified developer

Our installer apps were written before developer ID registration began. If you try to open "install_mraid-20170926" that is not registered with Apple by an identified developer you get a warning dialog. This doesn't necessarily mean that something's wrong with the app. Please follow below link to open the "install_mraid-20170926".
