2016 to 2020

Q80021802 - ARC-8050T3-8 with an iMac Pro, every time I move a file from the RAID to the trash the OS asks: Are you sure you want to delete ""? This item will be deleted immediately. You can't undo this action.

You can recreate a new trash folder to fix the issue.

You can do the following action to recreate a new trash folder.

Open the Terminal app in the Utilities folder and paste the following at the prompt:

sudo rm -Rf ~/.Trash

Press RETURN

Enter your admin password when prompted (you will not see it on the screen)

Press RETURN again

Apple Menu> Log Out <<USER>>
