2018 to 2020

Q10011508 - ARC-1214 stuck after restart with Restore of Acronis.

Acronis software is working under Acronis boot loader to do the restore function.The boot loader uses the linux environment. It has included Areca old version linux driver that it can not work with ARC-12x4 series adapter. ARC-12x4 series RAID adapter device driver is into linux kernel since version 3.18.
