Q10241403 - What's different between BBM ARC6120BA-T121-12G and ARC-6120BA-T121?

Both modules use same battery pack but with different cable type. ARC6120BA-T121-12G is shipping with 2600-1C1412-II00 for ARC-1883 series RAID controller only. ARC6120BA-T121 is shipping with 2600-1C1212-II00.
