## **Q10041404 - Can you confirm the battery module for the ARC-1260?**

Both ARC-6120BA-T112 and ARC-6120BA-T113 work with ARC1260. The only difference between T112 and T113 is the capacity of the battery pack. T113 has bigger battery pack which can provide longer working time.

Unique solution ID: #1110
