

2012 to 2013

Q10061012 - There is no progress information in the ARC-1680 volume information screen. Only the text 'Need init' shows on its screen.

If you don't install the device driver at first, there will be no progress only the text 'Need init' shown on the volume state. Please install the device driver for ARC-1680 or enter the BIOS setup screen to start the initialization.

Unique solution ID: #1468
